## English

Ticket and price information, location and times can be found in the ticket shop. Click on ticket shop if you want to buy a ticket to participate.

### Click to ticket shop on our website

Click on the relevant period for you.

### Ticket.

Find the right module/workshop for your child.

You can only buy one ticket per transaction. The reason for this is the need to correctly record the data of the participants. In the past, the error rate when buying multiple tickets was very high. Because of this, you can only buy one ticket per transaction. If you want to purchase multiple tickets, you must restart the purchase process. A bit cumbersome but guarantees correct data for us.

Please think carefully about the period of booking together with your child. The wishes of the parents are not always congruent with those of the children. Children's birthdays, a friend suddenly wants to come along, a friend is in the other module are often reasons for wanting to rebook. Rebookings do not always work, are time-consuming and costly and are invoiced. If you discuss everything beforehand, then participation is guaranteed.

### Watch our film with your children.
